Also...

We constantly collaborate with schools and institutions in the area where **job shadowing** is possible for the professional, cultural and human enrichment of staff and teachers. In addition to our catalogue, we can **design new courses** according to specific requests.

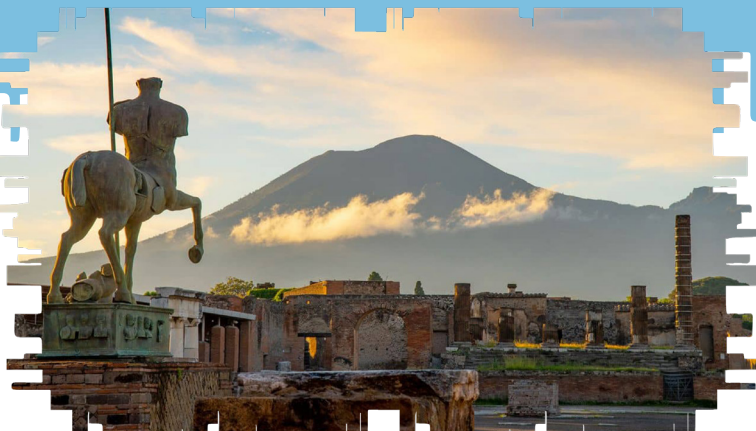

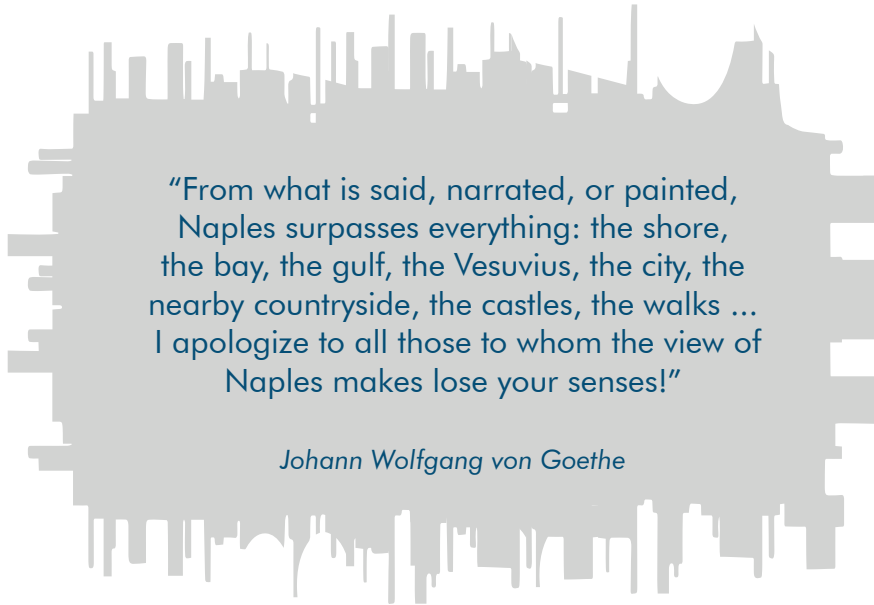

Why choose Naples for your period abroad..

Naples is a hospitable and friendly city, let yourself be enchanted by the people, the places and the atmosphere.

Naples is one of the largest and most enchanting cities of art in the Mediterranean. In addition to its beautiful landscapes, Naples owes its well-deserved fame to the charm of an historic centre that tells 2500 years of history and was included in the UNESCO World Heritage List in 1995. Available accomodation in the historical centre of Naples (appartment, b&b, hotel) close to major tourist attractions and public transports.

If requested, we can organise city tours so you can appreciate the beauty of the city, visit neighbourhoods teeming with life, popular areas full of colour and folklore, immerse yourself in nature, history and art. You can easily reach the nearby historical sites (Pompei, Ercolano) or coastal towns (Amalfi, Sorrento, Positano..), and land on the islands of Ischia, Capri and Procida, Capital of Culture 2022

“From what is said, narrated, or painted,
Naples surpasses everything: the shore,
the bay, the gulf, the Vesuvius, the city, the
nearby countryside, the castles, the walks ...
I apologize to all those to whom the view of
Naples makes lose your senses!”

Johann Wolfgang von Goethe
